Rationale: UNIV 101 was included as a required course in the Education Core of courses when this program was conceived under the assumption that nearly all degree candidates would enter as freshmen. After the first 5 years of the program, we have learned that the majority of students enter this degree as transfers from other majors at USC or institutions. UNIV 101 is designed as a first-year experience and faculty members feel that making it a program requirement is not appropriate for the many second-year and older students who enter the program without UNIV 101. UNIV 101 will be a recommended elective for first-year students.
